THE HORSES AND THE TRACK.

Matters Pertaining to the State Fair.

The GAZETTE sent a man out to the track to interview the horses this morning, and he found a couple of dozen there, all feeling exceedingly well. Besides Mr. Winters' fourteen head of world-beaters, each of which can leave all the others, as well as the rest of horsekind, there are several owned by Col. Thompson of Surprise, including Luis S. and others. Leopold Stiner, of Lander, has arrived with Roudo and Parole. Mr. Boots, of San Jose, has Nebo and others in the stable. George Howson is there with Johnny Gray at the head of his stable. Denison's Edie and Herzog, and Dan O'Keefe and Donnelly have Alex F.

This morning's train brought Tryan and Lige Downey, with a dozen trotters and pacers from California. C. B. Leeper, Thompson and other Reno men have horses driving for practice, and H. Johnston has his beautiful stallion Prospect at the track.

A fine clock face has been erected opposite the grand stand, above which is printed, "This clock shows when the next race will start."

All the horsemen speak in high praise of the track and say it is very easy and fast.

Twenty new stalls are going up, owing to the demand for room.

B. B. Leete is bringing a milch cow up from Eagle Salt Works to exhibit and thinks she will be as good as any. Secretary Stoddard's office will hereafter be in the brick building next to the Palace dry goods store, one door south of the Postoffice.

A lot more horses will come up the last of the week.

Prof. Duval of the Agricultural Experiment Station will have a large and valuable exhibit at the Pavilion. If the farmers knew what interesting experiments are going on at the grounds there would be a string of teams going up there every day. The exhibit will show something of it. Twenty-four feet of wall space will be filled with specimens of plants, many of which are new to Nevada, and a large number of specimens in chemistry will be there, showing the processes gone through by food for stock and some of food for human beings.

Superintendent Gould of the Agricultural Society has proven himself the right man in the right place. He has the track in the best condition and everything in and about the fair grounds in apple pie order.

BREVITIES.

Now is the time to advertise. Read A. W. Griswold's notice above 50-cent column.

When can advertisers have a better chance of reaching a large number of readers than now? Those who are wise will take advantage of the columns of the GAZETTE from now on.

The frame of a fine house is erected on the new stone foundation on the Newland's lot, but it is for an office with sleeping rooms overhead. The residence will be to the rear and beyond.

"Sensation" Sold.

Word was received here to-day that Keating has sold the trotting horse, "Sensation," to Frank Work of New York, for \$10,000.

Give Their Reasons.

WASHINGTON, Sept. 25.—The commission which recently visited the Pacific coast to find a good place for a navy yard, made a very exhaustive report. Much if it is devoted to a description of points other than Port Orchard, examined, and a statement of the reasons which impelled the commission to reject their claims.

A Confidential Letter.

WASHINGTON, Sept. 25.—Pension Commissioner Tanner admitted to the Associated Press that the letter purporting to be his, telegraphed from Caldwell, O., is genuine. He says it was written in confidence, and he believes it was stolen.

Denies Its Authenticity.

BOSTON, Sept. 26.—Col. William B. Strong, ex-President of the Atchison, Topeka & Santa Fe, telegraphs from Brooklyn: "There is no truth in the report that I have accepted the Presidency of the Missouri Pacific."

A Trust Broken.

CANTON, O., Sept. 26.—Private dispatches from New York say that four of the largest jobbers in watches in the country have withdrawn from the trust, thereby breaking the combination.

Discouraging Mining Report.

By Associated Press.

BUFFALO, New York, Sept. 26.—Dr. Pierce, President of the Big Bend Tunnel and Mining Company, in a circular to the stockholders announcing the future of the Company, says: "Since the issue of bulletin No. 1, Sept. 29, 1888, there has been no material change in the prospects developed by our mining operations last year at Big Bend. The vast quantity of boulders uncovered completely handicapped our operations and made them so expensive as to prevent a realization of profit. In fact in view of adverse developments of the last season's work, and the further experience of this season, it is doubtful if our mines ever can be worked at a profit; certainly not at the present prices of labor, nor unless some more economical method may hereafter be invented for handling the vast quantity of boulders which exist in the river bed. Our operations have demonstrated the fact of a vast quantity of gold in our claims, but in the face of the obstacles mentioned, it seems impossible to extract it at a profit. The total output from our mines last season was \$17,832. This did not pay the cost of the actual mining operations. Some of the ground washed was found to be quite rich, and everywhere gold was found to exist in sufficient abundance to have paid largely but for unexpected obstacles. During August of this year, the output was about \$2,500, but it is doubtful if we shall be able to do much better than pay expenses this season. Everything has been done to operate cheaply and effectively, and everything else likely to facilitate the work that experience could suggest has been done." In conclusion, he says: "But after all our efforts, and as much as we regret to acknowledge the fact, yet we are quite prepared to admit at present that we see no prospect of realizing our former expectations with respect to these mines. Great as is our disappointment at this unfavorable termination of our great undertaking, we at least have the satisfaction of knowing we were not more at fault in our judgment with these mines than were the most experienced mining experts of the Pacific Coast, and that we have been defeated by no fault of management, but by the existence of unfavorable conditions which could not possibly have been foreseen or supposed to exist, and which were only disclosed when the mines were fully opened by our excavations in the bed of the river."

Dr. Pierce says the statement of the Company's collapse is misleading and uncalled for. "The Company can pay all its debts if it has any. It is perfectly solvent. It is true our expectations have not been realized in the venture, but we have still a valuable property. We have some four thousand acres of territory which can be utilized to advantage for irrigation and other purposes. Our operations were carried out as at first planned with every prospect of success, but from the outlook it is bad, for the presence of great boulders under the sand changed the entire tendency of the venture, and instead of producing gold at a profit, it seems to be a losing operation. We had favorable opinions of some of the best mineral authorities in the country, and even looked favorably for large returns on our investment, but as stated in our circular we did not find enough to pay expenses. Any misstatements are entirely unjustifiable, as the actual condition of affairs has been clearly set forth in the bulletin, copies of which have been furnished for publication."

If the Company was in a state of collapse it would be the duty of the Attorney-General to close up its affairs.

The Bankers Convention.

By Associated Press.

KANSAS CITY, Sept. 26.—The bankers met again this morning. A resolution recommending to Congress that such action be taken as will revive the American merchant marine was adopted. This brought out a resolution for adoption from the Kansas delegation, which wanted the convention to endorse the objects of the convention for a deep harbor on the Gulf of Mexico, to be held at Topeka in October. This was opposed by the Eastern members and finally, as a way out of the difficulty, the vote by which the first resolution was passed was rescinded and both were sent to the executive council for consideration. A resolution calling upon Congress to provide for at least one more regular statement yearly of the condition of the national banks was adopted.

Fatal Powder Explosion.

POTTSMILLE, Pa., Sept. 26.—At 11 o'clock this morning Laffin & Rand's powder mill at Crescons, three miles below this city, blew up. The explosion was terrific. William Schropp, Samuel Stois and Henry Reed, were killed, and a number of other workmen injured. Nearly all the window-panes in Crescons was shattered by the concussion. It was sensibly felt in this city.

A Swell Wedding.

By Associated Press.

RICHFIELD SPRINGS, N. Y., Sept. 26.—The wedding of Emma Blaine, son of Secretary Blaine, and Miss Anita McCormick of Chicago was solemnized here to-day at noon. The little Presbyterian Church in which the ceremony took place sits upon a knoll overlooking the village. It was lighted with electric lights and its arches were trimmed with smilax, autumn leaves and ferns. The pulpit was a mass of flowers. As the guests began arriving at the church soon after 11:30, the dark clouds broke into a rain. Ten minutes before the hour for the ceremony, Stephen C. Elkins and wife entered and were soon followed by Secretary of State Blaine and wife. The mother of the bride, plainly attired, entered soon after, and was followed by the bridegroom, who was dressed in a tuxedo. The ceremony followed them. At that moment the bride, attired in a dress of Valenciennes lace and white satin, entered upon the arm of her brother Cyrus. Emma Blaine awaited her at the altar step, and presenting themselves, Rev. Dr. V. V. Holmes, the local pastor, began reading the marriage service according to the Presbyterian Church, Rev. Dr. Herrick Johnson of Chicago taking up the ceremony. The bride was given away by her brother. James Blaine was with a ring, the couple kneeling during the invocation of the divine blessing upon the union. The newly wedded pair then led the procession from the church, taking carriages for the drive through a pouring rain to the McCormick cottage, whither the invited guests followed and sat down to a wedding breakfast.

A Batch of Indictments.

By Associated Press.

NEW YORK, Sept. 26.—The World says: The Grand Jury has ordered indictments against all the conspirators in the Flack divorce scandal. Five indictments are ready to be handed to Judge Gildersleeve. The indictments are against James A. Flack, Sheriff, William L. Flack, Joseph Meeks, Ambrose Monell and Sarah Cherry, alias Susan T. Reynolds, alias Mrs. Raymond, alias Mrs. Flack No. 2. The indictments charge a conspiracy in the divorce proceedings and perjury. The action of Judge Bookstaver in the matter is said to be condemned. The Grand Jury adjourned for the day at 1:30 o'clock. No presentment or indictments in connection with the Flack case were handed in.

Important Land Decision.

By Associated Press.

WASHINGTON, Sept. 27.—In the export case of Abrahams L. Miner, on appeal from the decision of the local officers at Marysville, Cal., the Secretary of the Interior holds that under the school grant of the 16th and 36th sections of the State of California the title of the State rested on the survey, and if the lands, although in fact mineral, were not then known to be mineral, the subsequent discovery of their mineral character does not affect or divest the State's title. This decision overruled that in the case of Colorado, rendered by Secretary Vilas on December 10, 1888.

A Renowned Railroad Sale.

By Associated Press.

OMAHA, Sept. 26.—Sidney Dillon is here and will meet President Dodge of the Denver, Texas & Fort Worth railroad. It is reported, on what purports to be the best authority, that they will negotiate for the sale of the Fort Worth road to the Union Pacific, and that the sale will be consummated at the October meeting of the Union Pacific directors.

Some Naval Matters.

By Associated Press.

WASHINGTON, Sept. 26.—In his forthcoming report, Secretary Tracy will recommend to Congress the advisability of the construction of ten additional cruisers. It is proposed that the matter of tonnage, horsepower, etc., be left to the Navy Department instead of being fixed by Congress. It is stated at the Navy Department that no order has been issued by the Secretary to have the keels of the new 3,000 ton cruisers laid at the navy yards at New York and Norfolk. All that has been done is to call for a preliminary estimate from the Chief of Bureau of Construction and Repairs as to the cost of building these vessels at either the New York, Norfolk or Mare Island yards. The Engineer-in-Chief has also been asked for an estimate of the cost for additional machinery to increase the facilities of the plant at the yards named.

A Democratic Convention.

By Associated Press.

BALTIMORE, Sept. 26.—The Democratic State Convention was called to order at 12:45 p. m. by the Hon. Stevenson R. Rich, Chairman of State Central Committee. Jas. Hodges, ex-mayor of Baltimore, was made temporary chairman. The usual committees were appointed and the temporary organization was made permanent. The Committee on Resolutions made a report which was adopted. L. Victor Baughman of Frederick county was nominated for comptroller.

Holdovers of the Late War.

By Associated Press.

CINCINNATI, Sept. 26.—General Sherman was to-day elected President of the Society of the Army of the Tennessee. Resolutions were adopted, asking for liberal pension laws and a recognition of the services of the military telegraph corps. A paper by Captain John W. Munsey of Seattle, W. T., was read by Colonel Jacobs. It treated of the admirable lessons on artillery learned by our soldiers during the late war.

Another Body Recovered.

By Associated Press.

QUEBEC, Sept. 26.—The body of Richard Maybury, shockingly disfigured, was found last night under the ruins of the landslide. The number of bodies recovered to date is 440. That of young Pemberton is still buried. Fourteen of the wounded victims are in a fair way to recovery.

5 O'CLOCK EDITION.

The Washington Star pays this compliment to the National W. C. T. U.: The National Woman's Christian Temperance Union, which holds its sixteenth annual convention at Chicago, from the 8th to the 12th of November, is an organization probably unique in history. It is composed wholly of women. It has nothing to do with politics, except as all social reforms are in their broader sense political. The two words "Christian" and "Temperance" in its title indicate the special lines of work within which it exerts its energies. In the ratifications of these it touches even such subjects as public sanitation and private hygiene, on the theory that right conditions of physical life make the best basis for moral development. Total abstinence from traffic in, or consumption of, alcoholic stimulants is a cardinal principle of the society; and other departments of domestic morals receive a large share of its attention in every community where it maintains a branch. Although sometimes charged with too radical notions of reform, and occasionally erring on the side of haste in scrutinizing laws and pushing measures of importance, the influence of the Union is wholesome, and every good citizen can afford to encourage its work with his countenance, and, where desired, with financial aid. An organization which, even at the end of sixteen years, has by its own efforts built up a system of ten thousand local auxiliary branches, spread a network of juvenile societies over the territory from Tampa Bay to Puget Sound, established a publishing house with an annual issue of sixty million pages and a newspaper organ of sixty thousand circulation, challenges universal respect for the business ability and force of character of the women who have had charge of its fortunes.

The Augusta (Me.) Journal, in commenting upon the removal of Corporal Tanner, says this: "There probably was never a public man who was the object of a more malignant and bigoted bombardment from his political enemies than has been directed against Corporal Tanner. Nothing was too mean or too nasty to be said of him. Of late a few Democratic organs which find their most congenial element only when they are wallowing in political filth have attacked the war record of this man who lost both legs on the battlefield while fighting in defense of the old flag. It is an interesting fact to note, however, that the great majority of these organs preached treason during the hour of the Nation's peril."

PRIVATE DALZELL says: "I propose we raise a fund of \$100,000 for Corporal Tanner, which will give greater emphasis to our indignation at his deposition than any words. For Grant, Garfield and Logan we raised such funds in their distress, and now for Christ's sake let us do the same for our legless comrade who has fallen for us and because he was one of us."

The wheel of fortune, chuck-a-luck, the dice game and a great many other sure-thing games are in operation now, and more are to come. Visitors to the Fair are hereby warned against them. If you bet you are sure to lose, so keep your money in your pocket.

The communication of Mrs. J. J. Hylands in the San Francisco Call in opposition to woman suffrage has the same old silurian ring which has met every attempt to elevate her sex since the earth has been populated.

The Carson Appeal says: Sacramento has sowed the seed of gambling. It has no reason to hope for any crop but vice and immorality.

A Bewitched Barber.
Mrs. Sample, a 300-pound and very ugly negro "Voodoo Princess," has been arrested at Los Angeles on the charge of forging the will of a deceased barber, in which she was left \$40,000. His friends say she bewitched the man while he was dying.

A Pica for the Boys.
The Carson Tribune says: In order to keep the boys from clambering over the fence of the public school yard the Trustees have had a line of barbed wire put around the upper part, and already boys have found out the action of that kind of pantalon seats, etc. No such thing as that infernal fencing should be permitted in the neighborhood of a schoolhouse, for boys will be boys, and those who would deprive them of reasonable pleasure ought to be barbed themselves.

Wants a Dam Removed.
Governor Penoyer of Oregon has called Governor Waterman's attention to an obstruction in the Klamath river near the line, and asking him to remove it. The obstruction is a dam, and salmon are being destroyed there by the thousands.

A CALIFORNIA SENSATION.
[Petaluma Courier.]
It is reported that the sales of the "California Remedy," Joy's Vegetable Sarsaparilla, have grown within a few months till they are now really sensational. The way the fame of this production has spread is simply marvelous. Six months ago it was unknown. To-day it is all over the country. It is authoritatively stated that they have been actually giving it away in San Francisco to people afflicted with dyspepsia, sick headaches, indigestion and liver troubles, not to be paid for unless it cured. Such practical tests are so startlingly convincing as to be almost sensational. It is stated that two of the active principles of the new remedy belong to the vegetable kingdom of California and are so well known to us all under common names that it would surprise us if told them. But we are not surprised at anything Californian, and this recent discovery of the new medicinal virtues of its vegetable kingdom is but another instance of the astonishing possibilities of a soil and climate like ours.

The Spartan Virtue of Fortitude.
Must be possessed in an ordinary degree by those who bear the pangs of rheumatism without a complaint. We have never heard of such an individual. But why not, ere the life-long martyrdom begins, extinguish the germ of this atrocious malady with Hostetter's Stomach Bitters, the efficacy of which as a preventive of the disease, as well as a means of relieving it, is well established and amply attested, during the last thirty-five years, over professional signatures? It expurgates from the blood these acid principles which begin the pain and inflammation characteristic of this complaint, which, it should be recollected, is always liable to terminate life suddenly when it attacks the vital part. The Bitters also keep the virus of malaria from the system, remedies dyspepsia, kidney complaint, constipation and biliousness, quiet the nerves, and invigorates the whole physical organism.

OPERA HOUSE DRY GOODS STORE.
THE
OPERA HOUSE
DRY GOODS STORE.

THIS store is now being generally known all over the State of Nevada as the popular ONE PRICE dry goods house, and its proprietor, C. W. Booton, is well known as the

Revolutionizer of Prices and the Re-Adjuster of Values

Staple and Fancy Dry Goods

Gents' Furnishings, Household Furnishings,

Ready Made Clothing

And Boots and Shoes.

Please note the various reasons by which I claim I have advantages over all competing houses.

1st. I buy for cash and cash only.
2d. I visit the markets in person frequently and buy my own goods myself for the lowest possible spot cash price.
3d. My aim and ambition is big business, quick sales and small profits. This is what I claim and what I hustle for. Having this object in view to give everybody good value for their money, success is already achieved, as I challenge any one to dispute that I make the lowest prices.
4th. My store is the largest and best lighted of any in the city—the three large plate glass show windows which ornament the building would do credit to any large store in a large Eastern city, light being of great importance in any well regulated store.
5th. I engage the best and most experienced and skilled salesmen that can be found in this country. W. R. Lett has full charge of my store; his experience is second to none in this country, having had charge of departments for many years in the leading houses of New York City.
6th. I do just as I advertise; I do not advertise my goods at cost, as no intelligent person could swallow so silly an announcement as that; nevertheless, many of our merchants of to-day advertise under the head of selling goods at cost.
7th. All goods are marked in plain figures and no goods are misrepresented.

Having now given seven reasons why I can lead all competing houses in prices, I will venture still further to convince the general public by mentioning the contents of the different departments, thus showing that I carry an enormous and well-selected stock, which can only be fully realized by calling and examining the goods of the different departments.

In the Colored Dress Goods Department

I keep all the leading shades in plain colors, including Fine French Cashmeres, French Camel's Hair, Beatrice Cloths, French Foule, Tricot Cloths, Tricotine Cloths, Albatros, Nuns' Veiling, French De-beiges, Fancy Striped Alpaca, in plaids and stripes. I keep all the leading patterns found in the market.

The Black Goods Department

Is well stocked with all the latest and best known brands of French Cashmere, French Camel's Hair, French Soliel, Albatros, Nuns' Veiling, Sierran Cloths, and all the leading brands of Black Alpaca, Black and Colored Silks in all the different makes.

The Corset Department

Receives special attention, as I carry all the leading makes, including the famous C. P. Corset, and also the P. D., which I sell at prices that defy competition.

The Kid Glove and Button Department

Are replete with all the shades that can possibly be obtained this side of the Rocky Mountains.

The Hosiery Department

Deserves special mention, as I have been supplying it during the past two weeks with the very best brands of Ladies' Cotton and also Wool Hosiery that are manufactured on this Coast. My stock of Ladies' Misses', Children's and Men's Hosiery is unsurpassed in the city. Passing on we come to

Shoe Department.

This is a special branch that I have added to my business by special request of my customers, who continually urged me to put in a stock of Boots and Shoes, claiming, as they said—I using their own language—they were tired of paying high prices any longer. I subsequently added the above stock, and will say that my success in that department has superseded all my expectations. Men's and Boys' Shoes a specialty. Men's Shoes from \$2.50 up.

In the Clothing Department

I cannot do it justice by venturing to describe the success that continually attends it. I can only add one passing remark, that the amount of clothing I have sold during the past year is a just guarantee that the public never fail to appreciate a ONE PRICE cash business. I sell good suits for men from \$5.00 up.

In the Underwear Department,

Including Ladies' and Gents', I positively state that I sold more of these goods last season than any two competing houses. Knowing this, and then looking forward for an enormously increased trade in this line this coming Fall and Winter, I have spared no pains and have left nothing undone to secure one of the best selected and largest stock of Underwear ever brought to Reno. This true assertion will be more forcibly strengthened by anyone doubting it to call and examine the stock.

In the Domestic Department

I carry all the principal makes in Sheetings, Pillowcase Muslins, etc. Gingham and Calicoes in endless variety.

Thanking the people of Reno and the public in general for their kind patronage for the past year, and soliciting a continuance of the same, I remain, respectfully,

C. W. BOOTON,
Opera House Dry Goods Store.

JOTTINGS.

Sweet cider at Leadbetter's. Lobsters, oysters and sardines at Leadbetter's.

S. T. Burch is selling the best Gov. Java and Mocha coffee mixed at 40 cents per pound, the usual price being 50 cents.

For any kind of a musical instrument from a Mathushek or Chickering piano to a harmonica go to C. J. Brookins' variety store.

Pipes, clear and cigarette holders, pocket cutlery, canes of all sizes and styles and a full line of Lorrillard's tobaccos at C. A. Thurston's news depot.

W. T. Craig is just in receipt of a fine invoice of hams and bacon direct from Cedar Rapids, Iowa, every pound of which was produced by good, solid, ripe corn.

No better hotel accommodations can be had between the Sierra and Rocky mountains than W. R. Chamberlain of the Riverside is daily furnishing his patrons.

George Becker's Granite Saloon is the place to go for a hot noon lunch, a glass of Pacific or Fredericksburg beer, or as good a glass of wine as can be had in the town.

For a hot noon lunch which is equal to an ordinary meal, go to J. J. Becker's Chicago Saloon at any time between 11 A. M. and 1 P. M. He also keeps both Boca and Sacramento beer.

Leamy & Fitzgerald of the Arcade Hotel are prepared to minister to all the wants of the traveling public. Their house has been thoroughly refitted in every respect and their accommodations are first-class and charges moderate.

Bolls and pimples and other affections arising from impure blood may appear at this season, when the blood is heated. Hood's Sarsaparilla removes the cause of these troubles by purifying, vitalizing, and enriching the blood, and at the same time gives strength to the whole system.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed.

Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health to the use of the Great Alterative and Tonic. If you are afflicted with any disease of the Kidneys or Liver or Stomach, of long or short standing, you will surely find relief by the use of Electric Bitters. Sold at 50c and \$1 per bottle at Hodgkinson's drug store.

Their Business Booming. Probably no one thing has caused such a general revival of trade at Hodgkinson's drug store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, croup and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free; large size, \$1. Every bottle warranted.

The State Line. A telegram has been received by Judge Arnot at Placerville, Cal., from James R. Maginess, Deputy State Surveyor, saying that California does not lose six miles of territory in rectifying the dividing line between California and Nevada, but that California gains three-fourths of a mile, which will give El Dorado and Alpine counties valuable properties, and the State of Nevada loses them.

Parents should be careful that their children do not contract colds during the fall and early winter months. Such colds weaken the lungs and air passages, making the child much more likely to contract other colds during the winter. It is this succession of colds that causes catarrh and bronchitis or paves the way for consumption. Should a cold be contracted lose no time but cure it as quickly as possible. A fifty cent bottle of Chamberlain's Cough Remedy will cure any cold in a few days and leave the respiratory organs strong and healthy. For sale by Osburn & Shoemaker.

A Remarkable Story. Dr. Kellogg of Alhambra, Los Angeles county, Cal., tells a remarkable story in a suit for \$100,000 against Dr. Cochran et al., for adjudging him insane and ruining his medical practice, which he says was worth \$50,000 a year.

Oregon is one of the most productive States in the Union. It vast mineral regions contain gold, silver, copper, iron and coal. Its immense tracts of grazing lands support thousands of cattle and sheep, and its extensive agricultural regions produce all the cereals in abundance, the yield per acre being, in some instances, the largest in the world. Among the useful and valuable products of the Weiboot State may be mentioned Oregon Kidney Tea, which has proved a boon to thousands afflicted with rheumatism, back and kidney difficulties. Its purely vegetable composition and never fails. Sold by William Fininger.

Injunction Dissolved. The Judge at Tacoma has ordered the payment to Coral Walker, heir of Annie Walker, of the amount of her estate, having dissolved the injunction of Mr. Carr, a Portland, Or., lawyer, who wanted 40 per cent. of the property. Walker is an Australian, and went to Tacoma to secure the property which legitimately belonged to him, but of whose existence he had been notified by Carr.

It should be generally known that Dr. Henley's Dandelion Tonic insures a hearty appetite and increased digestion, dispels nervous depression and restores vigor, overcomes lack of energy and wakefulness, and will infuse new life and strength into the weakest invalid. Sold by William Fininger.

This is the season of the year when the raw, cold winds create sad havoc with the hands and complexion. Soft, white hands and a clear "peachy" complexion can be assuredly preserved by the frequent application of Putnam's Specific. If rubbed into the skin it leaves no greasy surface. The skin absorbs it. Sold by William Fininger.

Bucklen's Arnica Salve. The best salve in the world for cuts, bruises, corns, ulcers, salt rheum, fever sores, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Hodgkinson & Co. des27d13

Excellent, reliable and economical are the stoves and ranges sold by Lange & Schmitt; every house and store should have them. Call and inspect before purchasing.

IMPORTANT DECISION.

Judge Bigelow Sustained in the C. P. R. E. Land Case. Yesterday the Supreme Court filed an opinion which is of like importance to the several States and Territories, as well as to all railroads which have received land grants from the Government.

In 1887 the Assessor of Washoe county listed all the surveyed lands of the odd sections, claimed by the Central Pacific Railroad Company in this county for taxation. The company refused to pay the taxes thereon, claiming that the title was not so vested as to make these lands the subject of taxation, or, in other words, make them the property of the company in a manner that would subject them to taxation. Suit was brought against the company and the lands and the case was ably contested before Judge Bigelow, who decided in a very able opinion that under an act of Congress, passed in 1886, all surveyed odd sections, whether a patent had issued therefor or not, was the property of the railroad, and, as such, had to bear a part of the burden of running the local as well as the National Government.

The case was appealed to the Supreme Court, and has been under consideration for some time, and that body has affirmed Judge Bigelow's opinion.

Only a few counties, probably only two, Washoe and Lander, have attempted to assess these lands, notwithstanding the Attorney-General of the State, by circular letters, instructed the assessors in the counties where they were situated to assess them.

What course will be pursued by the State in reference to the assessors who have failed to comply with these instructions the GAZETTE is not advised, but so far as the Washoe county Assessor is concerned he has done his duty in the premises, and the county by the decision, will receive the taxes due from the company on surveyed and unsurveyed lands for the past two years and this year.

IN MEMORIAM.

The Late Adjutant-General H. C. Davis—Mark of Respect. ADJUTANT-GENERAL'S OFFICE, CARSON CITY, NEV., Sept. 19, 1889.

It is with profound sorrow that the Governor and Commander-in-Chief announces the death of Brigadier-General Henry C. Davis, Adjutant-General of the State, which occurred on the 22d day of August last.

As a mark of respect to his memory, the officers of the several departments of State and all business houses in Carson City were closed on the day of his funeral.

And as a further mark of respect it is ordered that all commissioned officers of the Nevada National Guard wear the usual badge of mourning for a period of sixty days on all occasions when called out for parade.

By order of the Commander-in-Chief. S. W. CHURCH, Adjutant-General, N. N. G.

Official: C. H. GALUSILA, Captain and Aid-de-Camp.

PERSONAL.

Mrs. Senator Stewart is at Carson.

Hon. Thomas Fitch and wife returned this morning from California.

John Bradley and Frank McPheters went to Pyramid today to visit Indian Agent Sears.

A daughter of Laura De Force Gordon, the California attorney, who has gained quite a reputation as an actress, passed East this morning.

Mrs. H. W. Bragg of Sacramento, passed East this morning on her way to Michigan and New York on a visit to relatives and friends.

Hon. Lem Allen and daughter of Churchill county are in town. The latter will take part in the Ladies' Tournament at the State Fair.

Hon. George C. Thaxter of Carson returned last evening from a trip to Terra Haute, Indiana, where he went to place his 18-year-old son Harry in the Rose Polytechnic Institute.

Pothoff's New Stable. It is generally admitted that John Pothoff's new brick stable is equal to any on the coast. It is 75x100 feet, two stories high, has an 18-foot entrance, an office 14x20 feet and a harness room the same size, and nicely built and well arranged stalls for 56 head of horses.

Special Notice. The ladies of Reno have no need to hurry themselves to purchase goods to-day, as there are more dry goods stores in town than one. The Opera House dry goods store will be open till 9 P. M. all the week. C. W. BOORON.

BREVITIES.

Local and General Intelligence. The band boys are practicing every night.

Read Mrs. Brackens' 50-cent ad of a lost cow. The Bank annex is rapidly nearing completion.

See first page for local and telegraphic news. Nearly every room in town is now taken for Fair week.

Firebugs burned three buildings at Ogden Tuesday.

Lompoc, Cal., has declared Chinese laundries a nuisance.

A dressed beef company has been incorporated at Portland.

The Sacramento police have received no salary for six months.

Berry & Novacovich to-day received a full carload of "pioneer" flour.

Mrs. Willis Bender returned from California on this morning's express.

J. H. Hoffman has been arrested at Portland, Or., for passing forged checks.

Ellensburg's prospects for securing the State Capital of Washington are flattering.

The waiters in the Ocean House, Santa Cruz, Cal., went on a strike on Wednesday.

Five electric lamps have been hung in the Pavilion, making the large hall as light as day.

Thirteen cars of beef cattle were shipped to San Francisco to-day by Sparks & Tinnin.

Men are working night and day at the Pavilion, getting things in shape for the coming week.

Railroad men say there are more tramps along the road than at any other time this year.

Neat and substantial porches have been built in front of both Mrs. Couch's and Bonnet's hotels.

The Lincoln Lucky mine at San Pedro, N. M., is showing extensive and rich rock, and the camp is greatly excited.

Mr. Hall of Hanford, Cal., picked a Muscat grape that measured 4 1/2 inches by 3 1/2 inches. It was as large as an ordinary tomato.

Quite a number of Carson girls are said to be practicing horseback riding in order to take part in the Carson Fair tournament.

THE WEEKLY GAZETTE AND STOCK-MAN, issued to-day, is fully up to the standard of excellence. Subscription price only \$2 per year.

THE GAZETTE is under obligations to Fish Commissioner G. T. Mills for a pamphlet copy of the fish laws of Nevada, compiled by himself.

J. M. Stewart of Los Angeles is curing 25,000 paupers' plagues for Eastern markets. He clears from \$300 to \$500 an acre from seventeen acres.

Mason Smith, a young and prominent merchant of Spokane Falls, received a skull fracture by a fall from a horse Tuesday, and his recovery is very doubtful.

It is conceded by a careful canvass that the Republicans will carry the State of Washington by a large majority, while the Legislative ticket will be exceedingly close.

John Snell, a negro convict in the Oregon Penitentiary, placed his left hand on a board, and with a hatchet cut off the third and middle fingers. He did it to avoid work.

From the mammoth stock of men's, youths' and boys' clothing carried by Abrahams Bros. of the White House there is no trouble in obtaining as perfect a fit as can be cut by a tailor.

The young boot black picked up beside the railroad track this side of Washoe with his skull badly crushed, was delivered to the undertaker this morning, having died during the night.

CHAUTAUQUA WORK.

An Interesting Lecture at the M. E. Church. Rev. T. E. Sisson of Mason Valley delivered a pleasing lecture at the M. Church last evening on the Chautauqua work. He said that no one can fail to derive benefit from a single reading of the course, because it is on a special line. Every power we have being a God-given faculty, one should not be developed at the expense of another.

The finest type of physical manhood may lack the education of a common schoolboy, while, if a systematic course be presented, he might have the mind as well as the muscle. The reading of many magazines and newspapers on different subjects is a species of dissipation, said the speaker. As the Chautauqua course is a prescribed one it must be a benefit to everyone. The contributors to the Chautauquan are all masters of the subject they present: it is so with the books that go to make up the course.

The Circle was inaugurated fourteen years ago, and now numbers 300,000, and during the time 15,000 persons have graduated.

A vote on the national flower was taken, the apple blossom receiving a decided majority.

THE PHENIX HOTEL.

It is Substantially Constructed and Elegantly Furnished. Last evening a GAZETTE reporter was shown through J. W. Killen's new three-story brick hotel and found it to be, without exception, the finest and best appointed hostelry in the State. Its dining room, kitchen, bar and reading rooms are of modern construction, and are as convenient and pleasant as it was possible to make them. The stairways are broad and easy, and the rooms, of which there are 78, are large, light and well ventilated. Each floor is supplied with double closets, and the whole building is furnished with a perfect bell system, all leading to the office. The parlors and sleeping rooms are elegantly furnished and carpeted, and the wayfarer who cannot enjoy a good night's rest in any room in the house, must be carrying a very troublesome conscience. The house is also supplied with capacious and neatly appointed bath rooms.

On Saturday of this week Mr. Killen will be prepared to entertain all comers in a way that will be certain to prove more than satisfactory.

Go to Lange & Schmitt for ranges, parlor and cook stoves; best assortment in the State.
